The National Amateur Dodgeball Association was created as a recreational pursuit for non-traditional sport enthusiasts. It is an alternative sport requiring minimal equipment, set up and playing experience. Teamwork and strategy are more valuable factors in dodgeball than athletic skill and individual competitiveness. Anyone can play. Experience is countered by enthusiasm. Dodgeball promotes maximum social enjoyment.

Our childhood game is now safe and more enjoyable with rubber coated foam balls, safety conscious rules, and a festive, special event, tournament atmosphere. The game fits many programming scenarios: Youth at risk programs, children's activities, summer camps, picnics, corporate and adult challenges. The opportunities are endless.

### The Game of Dodgeball:

- 6-10 players per team, 6 start each game
- players are "out" of the game when hit on a fly below the shoulders or when their thrown ball is caught on a fly.
- played on a court or field at least 50' long by 30' wide with a center line (ideal size: 60'X30')
- 3 minutes per game
- 6 balls in play at same time
- first team to eliminate all members of the opposing team within regulation wins a game
- rules enforced by court monitors using the "honor system" and player code of conduct
- rules for dodging, timeouts, stalling, substitutions, overtime and protests have also been established
